### Find a doctor or facility

Search for providers in your network

Search by name, specialty, facility type, NPI # or license #

near Enter Zip

Select Network

Providers listed may not be in your network

**Please Read Before You Proceed**  
We work hard to ensure our data is accurate, but provider information changes frequently. Also, finding a provider on this site is not a guarantee of benefits coverage. **Before you receive care**, you should contact:

- The provider to verify new patient status, location and network participation.
- Your health plan to verify your benefits.

- 11. Read information in **Green**
- 12. Select **OK**.

The screenshot shows the MultiPlan website interface. At the top left is the MultiPlan logo. Below it is the heading "Find a doctor or facility". Underneath is "PHCS" in green. There are two buttons: "Change Network" and "Remember my network" (with an unchecked checkbox). A search bar contains the text "Search by name, specialty, facility type, NPI # or license #". To the right of the search bar is a magnifying glass icon and the text "near 32043". At the bottom of the page, there is a green banner with white text: "Provider information contained in this Directory was last updated earlier today and therefore may have changed. Before scheduling your appointment or receiving services, check with the provider to confirm participation in the network, location, and if the provider is accepting new patients." In the bottom right corner of this banner is a white "OK" button. A red arrow points to this button with the text "Click Here!".

- 13. Scroll Down to see results.

This screenshot shows the same MultiPlan search results page but with the green banner removed. The search results are visible. At the top, it says "523 results for 'Primary Care' near 12345". Below this, there are buttons for "Apply Filters" and "Reset Filters". A "Printer Friendly" link is also present. The search results are sorted by "Distance (approx.)". The first result is for "Doe, John, M.D", a Family Practice located at "123 Easy ST, Anywhere, US 12345", with a phone number "555-555-5555" and a link to "View all Locations". The distance is listed as "4.33 Miles". Four red arrows point downwards from the text "Scroll down to see results!" towards the search results area.

- 14. Call the Provider to set up appointment, and verify insurance.
