The benefit amounts are payable for Medically Necessary Covered Charges incurred by an insured person for the purchase of outpatient Prescription Drugs from a contracted Participating or Non-Participating Pharmacy. The Deductible must be satisfied before any benefits are payable, and any Co-payment must be paid for each Prescription Drug filled or authorized refill.

All benefit amounts are subject to the applicable monthly and annual per member benefit maximums.

Insurance will become effective the later of the Policy effective date, or on the first day of the calendar month following receipt of the completed enrollment application, provided the required premium is paid.
